

ANNUAL REPORTS
of the
Town of Candia
New Hampshire

For the Year Ending
January 31, 1918

NEVER IN THE WORLD'S HISTORY

has the demand upon human eyesight been as great as at the present time.

To avoid eye-strain and its accompanying ill effects, efficient glasses should be worn.

With service unsurpassed in all of our departments, we are ready to help you to the best possible correction and protection of deficient eyesight.

TOWN WARRANT.

[L. S.] THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Candia, in the County of Rockingham, in said State, Qualified to Vote in Town Affairs:

You are hereby notified to meet at the town hall in said Candia on Tuesday, the twelfth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see how much money the town will vote to raise for roads and bridges.

4. To see how much money the town will raise for Memorial Day.

5. To see if the town will vote to have Old Home Day and raise money for the same.

6. To see if the town will vote to have a caretaker for Moore's Park.

7. To see if the town will vote to accept state aid and raise money for the same.

8. To bring in your votes for candidate to the Constitutional Convention.

9. To see if the town will vote to instruct the selectmen to sell the property the town has received a tax collector's deed of.

Given under our hands and seal this twenty-fifth day of February, in the year of our Lord nineteen hundred and eighteen.

JOHN D. UNDERHILL,
ALVIN W. PALMER,
GEORGE E. BROWN,
Selectmen of Candia.

A true copy of Warrant—Attest:

JOHN D. UNDERHILL,
ALVIN W. PALMER,
GEORGE E. BROWN,
Selectmen of Candia.

REPORT OF THE SCHOOL BOARD.

The annual report of the Candia school board does not vary much from year to year. Exceptions or business conditions change and removal to town or away from town changes the attendance. For the year ending July 15, 1917, there were 172 different pupils registered—72 boys and 94 girls. The number of different pupils who attended at least two weeks was 166—74 boys and 92 girls. For the previous year we had 188 enrolled—91 boys and 97 girls. There is a steady decrease in the number of school children in Candia, owing to a variety of causes.

The average percentage of attendance was 88 for the entire year. There were 30 pupils not absent nor tardy during the year. The aim of the Board, as heretofore, has been to employ trained teachers, who hold state certificates, instead of beginners. This means higher salaries, but better results in teaching. The year ending June 30, 1917, shows that because of so many qualified teachers, the Board received from our state \$418 as compared with \$302 for the previous year, a gain of \$116. The policy of keeping good teachers year after year, with an increased salary, seems to be a good one. This policy is adhered to in city schools, and it seems as if it would work just as well, if not better, in a country school. It would seem advisable, as far as possible, to secure teachers from a distance rather than from nearer points—that the teachers should remain in town over Sundays in order to enter into the real life of the community. The high cost of living and the new and attractive avenues for work at high wages made it necessary to increase the wages of our teachers over what has been paid in former years. The end is not yet in this regard, and the possibility of combining more of our schools under a single teacher is a problem that will have to be solved in the not distant future.

Candia

A generous friend has offered to give not less than \$5,000 for a central school building, where one teacher could care for forty or more children as easily as it is done at present for fifteen or twenty. This offer ought to be carefully considered and acted upon in the very near future. A member of the school board donated the sum of \$10 to be used as prizes for the best spellers in town—\$5 first prize, \$3 the second prize and \$2 for the third prize. The contest was held in our town hall on June 7. The hall was packed with scholars, friends and parents. About forty entered the contest. The winners were Clifford Brown of the High-Street school, first prize; Glenna Cammett, East Candia school, second prize; and Della Underhill of the Chester Road school, third prize. The general impression of all concerned was that such contests should be encouraged in the future, for it not only stimulates study, but it brings parents and scholars together once a year, with helpful results in every way.

Despite the fact that we had one less school last year, our expenses have been nearly the same. Last year we expended \$3,801.82 and this year \$3,775.55, a difference of \$26.27. These figures can easily be explained. We had to pay more for teachers. We had to pay more for tuition—last year \$133.47 and this year \$221.39, a gain of \$87.92. We began the year with no fuel on hand. We have enough now at all schools to carry them through the year. In the summer, foreseeing that fuel would be scarce and high, the Board bought a supply of good, dry hard wood, delivered at the schoolhouses for an average price of about \$6.10 per cord. The winter has been the most severe for many years, and the fuel bill has been exceedingly large, \$230.78, compared with \$75.13 last year.

The cost of transportation was \$308.90, compared with \$218.50 for the previous year. It is getting to be a serious problem to find a reliable man to whom we can safely entrust the children. This is another serious problem which the school board will have to solve this coming year.

The school board has had eleven regular meetings during the year, with every member present. The utmost harmony has prevailed, in spite of the fact that many perplexing problems have come up for solving, concerning which different opinions prevailed; but after discussing each one thoroughly we report that every vote taken during the year was unanimous.

The above report for scholastic statistics is to be applied to year ending June 30, 1917; the financial report year ending January 31, 1918.

Attention is called to an amendment to the Public Statutes by the last General Court: "The fiscal year of town and special school districts, beginning February 16, 1917, shall end August 31, 1918, and thereafter the fiscal and the scholastic year shall end August 31, annually."

For the School Board,

W. E. LOUGEE,

Chairman.

RE-CLASSIFIED EXPENDITURES.
